**Re: State of Needs for the Integrated Health Center
From Caritas Owando.**

Ladies and gentlemen :

Caritas Owando, the instrument of development for the poor, the vulnerable, orphans, people living with disabilities and many others such as indigenous people.

At present, I inform you that Caritas Owando has an Integrated Health Center whose main objective is to provide quality care at humanitarian costs in order to help vulnerable, poor, disadvantaged people to get the most care. simply possible and within the reach of all budgets.

This integrated health center is experiencing enormous difficulties in the supply of agricultural equipment to all services, so this document takes the place of a statement of needs which we are putting to your attention in order to solicit your multiple intervention.
